

The idea of resiliency in our work is not new, but has taken on new importance. Grantmakers work with grantees to ensure that they are resilient; funding with the goal of allowing partners to be flexible, but to be successful with their mission through challenges both large and small.

We now find ourselves at a crossroads where the idea of returning to the structures of our work after adversity will not suffice. To best support our partners, we must reimagine not what that return to form will look like, but the vision of the new ways in which we will operate. What are the new tools, resources and modalities that we will need to provide an equitable, sustainable version of philanthropy that better serves Florida and its citizens?

Florida Philanthropic Network is Florida's only philanthropic leadership organization serving Florida grantmakers exclusively and serves as the voice of the sector. Through FPN, nearly 700 foundation leaders and grantmaking professionals are connected to explore foundation-specific issues, improve practices and address policy issues. Our FPN members work alongside business, government and nonprofit sectors to promote the best interest of Floridians and build philanthropy for a better Florida.

Targeted Exposure

Gain targeted exposure and showcase the value of your organization and/or services to key leaders in Florida grantmaking organizations through Summit promotions. Increase brand recognition through Summit communications before, during and after the event.

Invest in Florida

Your investment in Florida's philanthropic community provides opportunities for important training and conversations to uplift Florida's philanthropic sector. You may also opt to support Florida philanthropy through specific underwriting opportunities.

Demonstrate Leadership

Your Summit sponsorship allows you to be part of a select group of state leaders who believe in working together to ensure the best possible quality of life for all Floridians. Take advantage of networking and exhibitor opportunities to connect with participants at the Summit.

Who attends the Summit?

More than 250 professionals from the charitable sector are expected to attend FPN's 2021 Statewide Summit on Philanthropy. More than 90% of participants are from grantmaking organizations, including CEOs, board members and staffs of private independent and family foundations, community foundations, public charity grantmakers and corporate foundations/giving programs from throughout Florida. Top government, nonprofit, business and academic leaders from Florida are also represented.
