

# FPN Statewide Summit on Philanthropy

February 16–18, 2022 | JW Marriott Orlando Bonnet Creek

Philanthropy's greatest impact is achieved when its collective actions are catalytic – accelerated to significant change or action. As Grantmakers, finding ways to collaborate and partner alongside the communities we work in and support is essential to shifting and changing systems that no longer serve the greater good. This critical work starts with open conversations - where diverse voices and experiences are heard, where thought leaders work together, where all issues are viewed with an equity lens, and where community continues to be the core of what we all do. This type of connection allows for strategies and plans to emerge to help inspire, shape, and change the way we do business and the way we serve others.

FPN's Statewide Summit on Philanthropy is the only gathering of its kind in Florida, bringing independent sector leaders from throughout the state to engage in candid conversations with each other and speakers from around the country to learn, be inspired and grow. Our hope is that the conversations and connections continue long after this gathering, leading to collaboration and innovation across the sector.

### Targeted Exposure

Gain targeted exposure and showcase the value of your organization and/or services to key leaders in Florida grantmaking organizations through Summit promotions. Increase brand recognition through Summit communications before, during and after the event.

### Invest in Florida

Your investment in Florida's philanthropic community provides opportunities for important training and conversations to uplift Florida's philanthropic sector. You may also opt to support Florida philanthropy through specific underwriting opportunities.

### Demonstrate Leadership

Your Summit sponsorship allows you to be part of a select group of state leaders who believe in working together to ensure the best possible quality of life for all Floridians. Take advantage of networking and exhibitor opportunities to connect with participants at the Summit.

### Who attends the Summit?

More than 250 professionals from the charitable sector are expected to attend FPN's 2022 Statewide Summit on Philanthropy. More than 90% of participants are from grantmaking organizations, including CEOs, board members and staffs of private independent and family foundations, community foundations, public charity grantmakers and corporate foundations/giving programs from throughout Florida. Top government, nonprofit, business and academic leaders from Florida are also represented.
