

Fill in the missing blanks to help craft your message for elected officials on Census 2020.

MAKE SURE ALL FLORIDIANS COUNT!

Census data helps determine allocation of government resources and ensure fair political representation for Floridians and all Americans. In _____, census data helps community leaders identify emerging issues and gaps in service.

COUNTY/COMMUNITY

Inaccurate data threatens to muffle the voices of undercounted groups and regions and undermine the basic political equality that is central to our democracy. _____ and other _____ leaders rely on accurate data to make informed decisions, including using key data points. Without accurate data points, our _____ community is at risk. Accurate data supports identifying community needs, demographic trends, and service delivery areas for immediate and long-term plans.

NAME OF YOUR ORGANIZATION

COUNTY/COMMUNITY

POPULATION GROUP

Historically, undercounted populations are racial minorities, immigrants, young children and the poor. _____ data points help _____ provide programs/services/responses for _____ to help them _____.

TYPE OF DATA

NAME OF YOUR ORGANIZATION
OR NONPROFIT SERVICE PROVIDER

POPULATION GROUP

SERVICE PROVIDED

Local community leaders use census and ACS data to make decisions about allocating resources for community needs like education, assistance for veterans, hospitals, and transportation.

Without an accurate Census, Florida and _____ residents could be denied the full funding they deserve and need – and elected officials won't be able to make informed decisions for your constituents for more than a decade on a range of issues.

COUNTY/COMMUNITY

Support fully funding Census 2020 and appointing a(n) _____ census director and oppose unfair citizenship questions. Make sure all Floridians count!
